Digital Marketing

Strategies Focused on Increasing The Reach & Visibility of Your Business.

Dear Client

There is no doubt about it, winter is here and it is time to start wearing warm woollies and eating orange's for the Vitamin C.

As you know we are now invoicing in Sage. We have discovered only afterwards that all of Sage's clients sends out their invoices via their mail servers. This creates a 'bottle neck effect' when everyone that uses Sage sends out their invoices on the 25th of each month. To counteract this situation, we have decided to send out our invoices on the 24th of each month.

We apricate your understanding in this matter.
