

Dear Client,

We are going to focus on our monthly clients' Google Maps in the upcoming months. This service is just one of the many benefits you can get when you have your website maintained by Manage My Website. *This service is not applicable to hosting clients.*

Google Maps is a very important tool to have in a business, as such we are going to make sure that your Google Maps is properly set up and that all your business' information is correct.

If you don't have Google Maps set up for your business yet, we can assist you with it.

Why do I need Google Maps for my Business?

Google Maps can be a valuable tool for your business. It allows all potential customers to easily locate and navigate to your physical location. Additionally, it provides a platform for you to showcase any important information about your business, such as operating hours, client reviews, photos etc.

Furthermore, having your business listed on Google Maps can improve your search engine optimization (SEO), and thus increase your online visibility.

Overall, utilizing Google Maps can help attract more customers to your business, and improve your clients' overall experience.

What can Google Maps Reviews do for my business?

Google Maps Reviews can have a significant impact on your business. Positive-reviews can attract new customers and increase your visibility in search results, while negative-reviews do the opposite. However, if they are handled correctly, they can be used to turn a negative situation into a positive one.

(If you are ever in such a situation, and unsure how to handle it, we can assist you.)

Responding to your reviews, both positive and negative, can show that you value your customers' feedback and are dedicated to providing them an excellent service. Encouraging satisfied customers to leave reviews can also help improve your overall online rating, and reputation. Above-all, the managing of your

Google Maps Reviews can be a crucial part of maintaining a positive online presence, and thus attract new business.

We will be in contact regarding your Google Maps listing.

Meet the team

Greg our Graphic Designer.

A graphic designer is a professional who creates visual concepts to communicate ideas that inspire, inform, and captivate consumers.

Greg works with both text and images, and uses a variety of design elements to achieve all of the design's goals, including the:
color; typography; and composition.

Greg also gives the final sign-off on all of our monthly adverts that we do for our clients. He works to ensure that the final product meets the client's needs and effectively communicates the desired message.

Please Note: We need to remind you of the increase that will be added to your Invoice on 24 September 2023. This is a friendly reminder from the newsletter that was sent out in March 2023 of the 8 % increase for September.

Greetings from
Greg and the other ManageMyWebsite team members
